- Are you currently **exporting or importing to the UK?**
- Are you **planning** to export or import to the UK?
- Are you concerned about **customs and revenue** post-Brexit?

This is a practical training programme to help exporters prepare for Brexit. This programme will give each participant clear guidance on customs procedures and documentation in a post-Brexit scenario. Customs/Revenue will be present on the day to answer any customs queries and concerns.

Each delegate will come away with an understanding on what their business needs to do in order to plan for a Brexit situation in terms of customs and documentation to future proof their business.
