Sustainable Earth E-Learning Courses in Partnership with Arizona State University (ASU)

Free Courses for Institute of Sustainable Trade Members

Learn How to Build a More Sustainable Business

A Global Partnership in Sustainability

In partnership with Wells Fargo and Arizona State University, Sustainable Earth offers customized micro-courses to IST members.

Whether you lead a small business or work for a large organization, you'll gain the sustainability know-how you need to:

- Save your organization time and money
- Attract new customers and talent
- Drive long-term growth

With every free Sustainable Earth course you complete, you also have the option of earning a micro-credential—at no additional cost.
